

BUTTON IMPORT  
POSTMAN

The image features a white background with decorative curved lines in the top right and bottom left corners. These lines are composed of multiple overlapping layers in shades of light blue, grey, and orange, creating a sense of depth and movement.

## **Main Objective**

- Mengenal apa itu button import postman
- Mengenal feature yang ada di button import postman

## APA ITU BUTTON IMPORT?

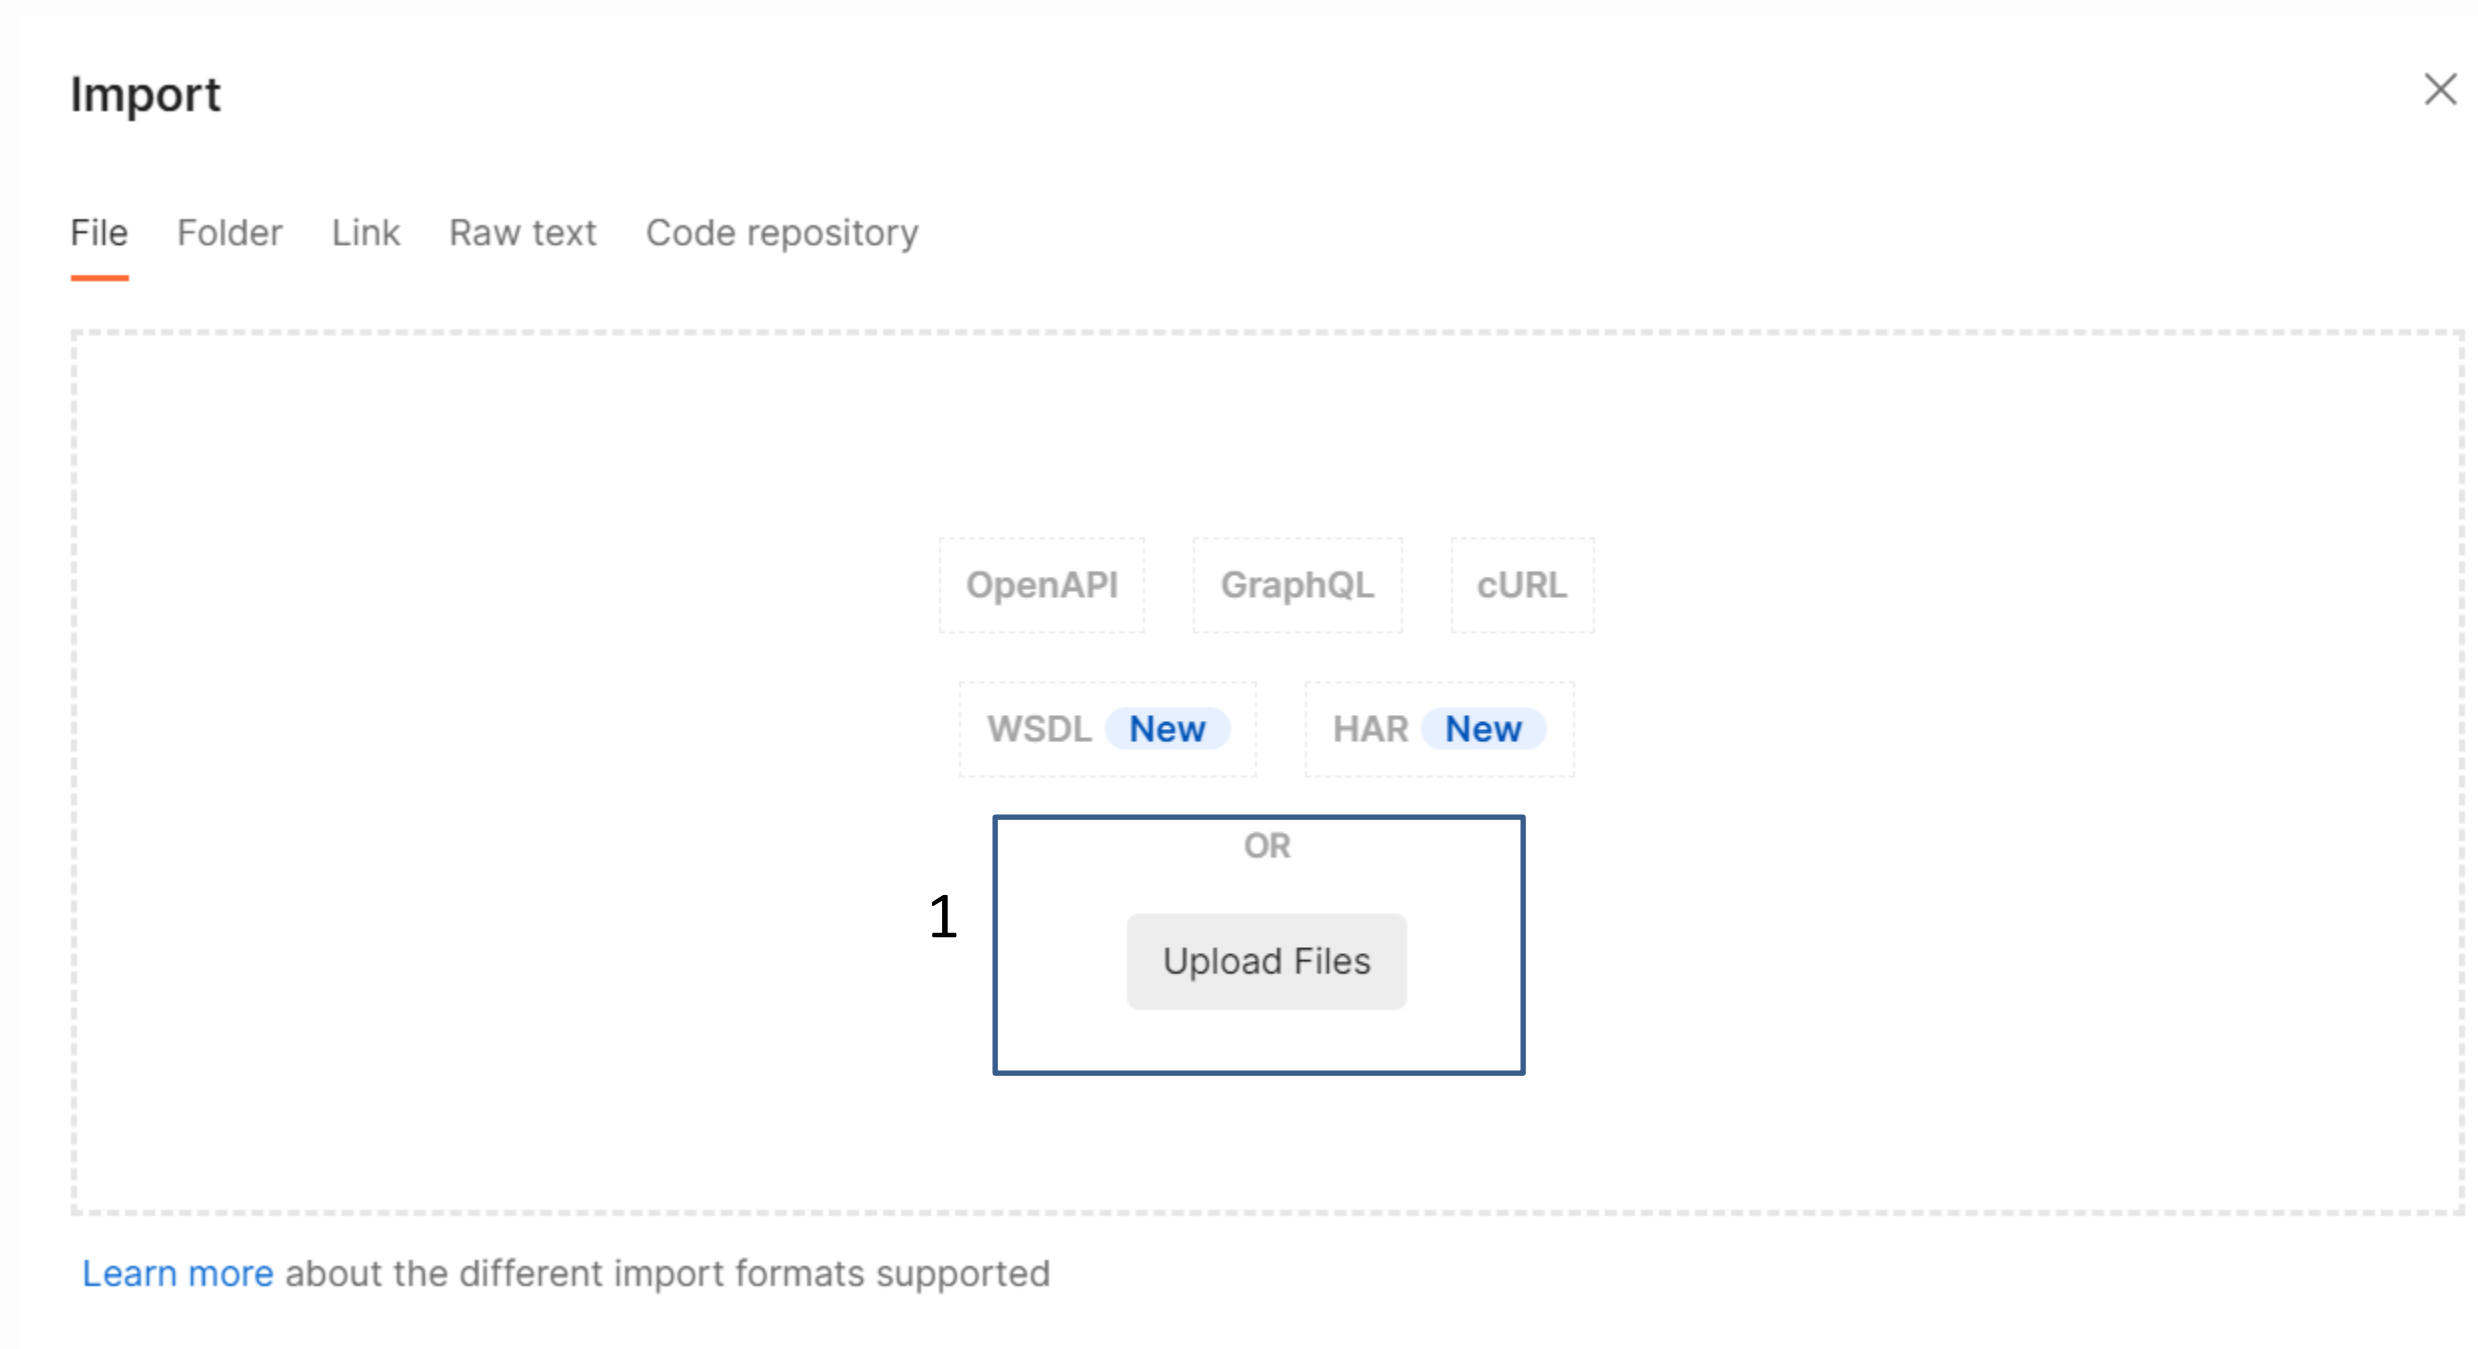

Button import digunakan untuk mengimport data seperti collection, request url ,environment, dan lain-lain

# FEATURE YANG ADA DI BUTTON IMPORT

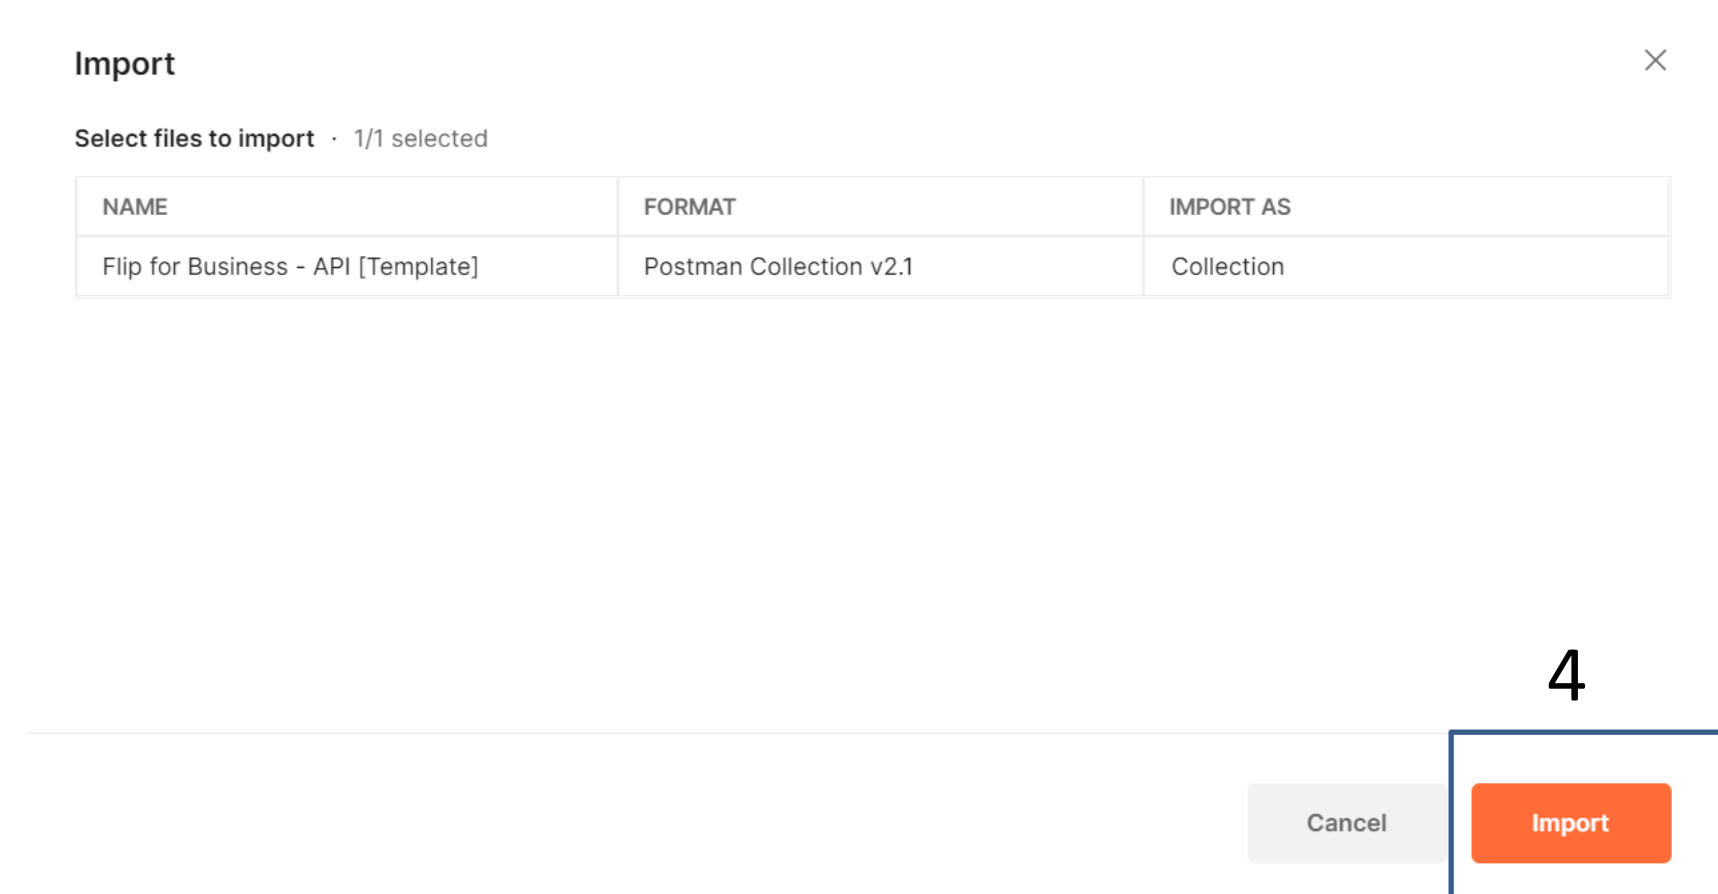

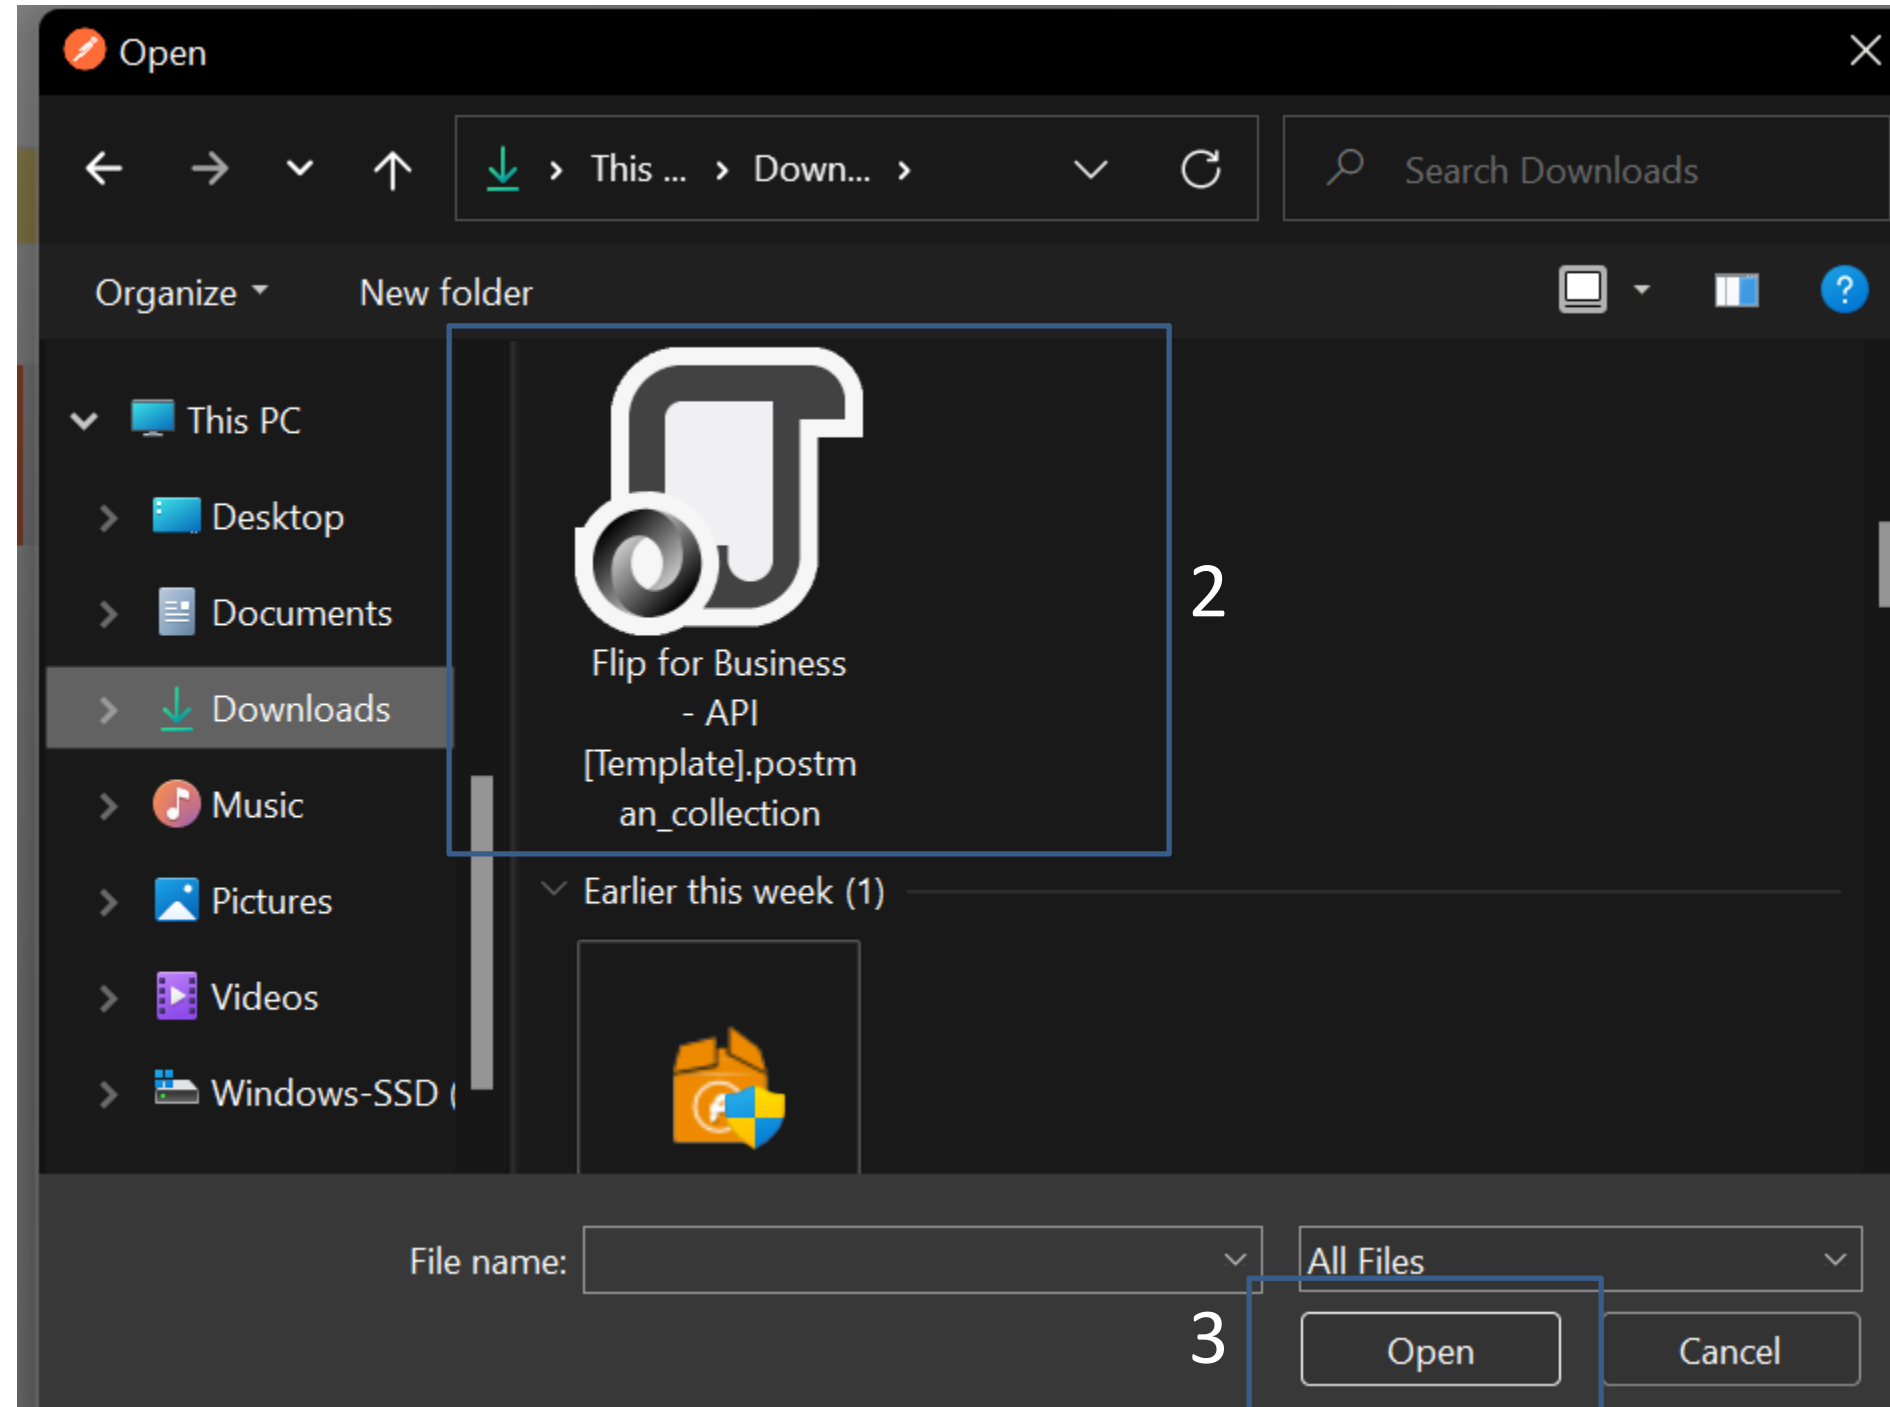

## 1. File

Fitur ini digunakan untuk upload file collection yang ingin di import. Berikut adalah cara import file

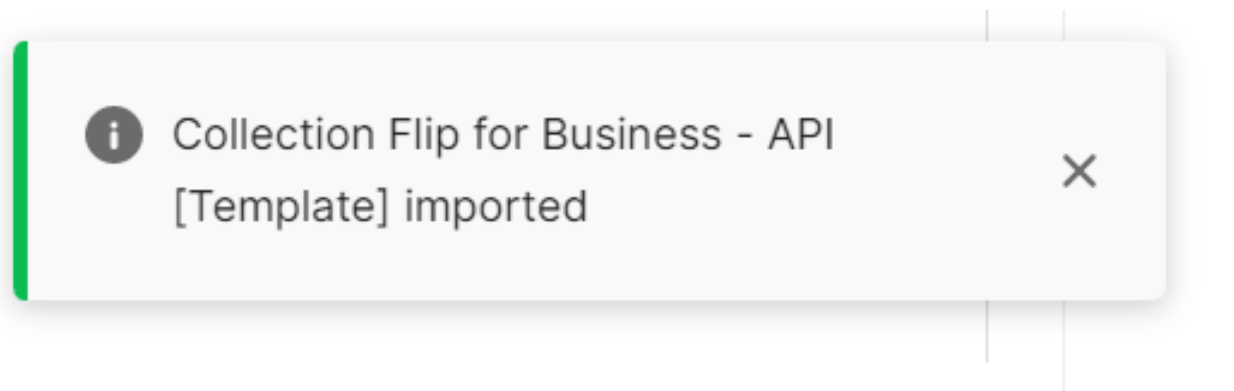

a. Klik button import, klik file kemudian klik button “Upload Files”

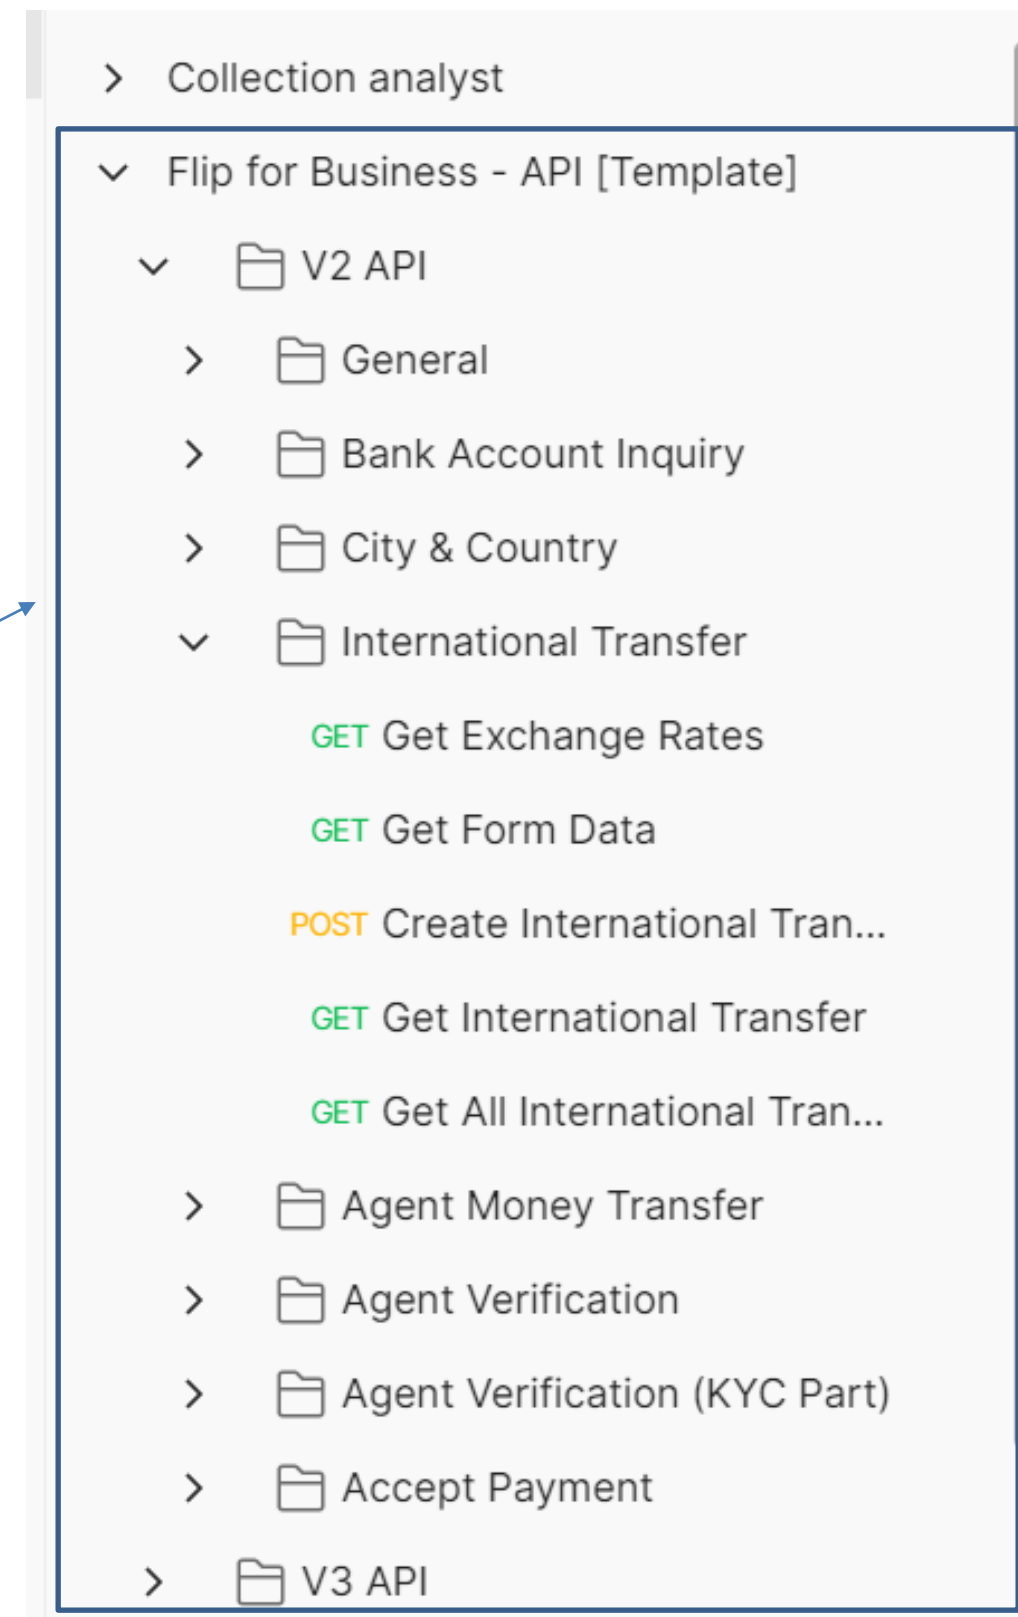

b. Kemudian pilih file collection yang akan kita pilih pada computer/device kita. Setelah itu akan tampil file yang sudah kita pilih tadi ada nama file, format file dan lain-lain, lalu kita klik tombol import

c. Jika sudah berhasil import maka akan tampil notifikasi berhasil seperti gambar dibawah ini dan collection yang sudah kita import tadi bisa kita lihat pada menu collection

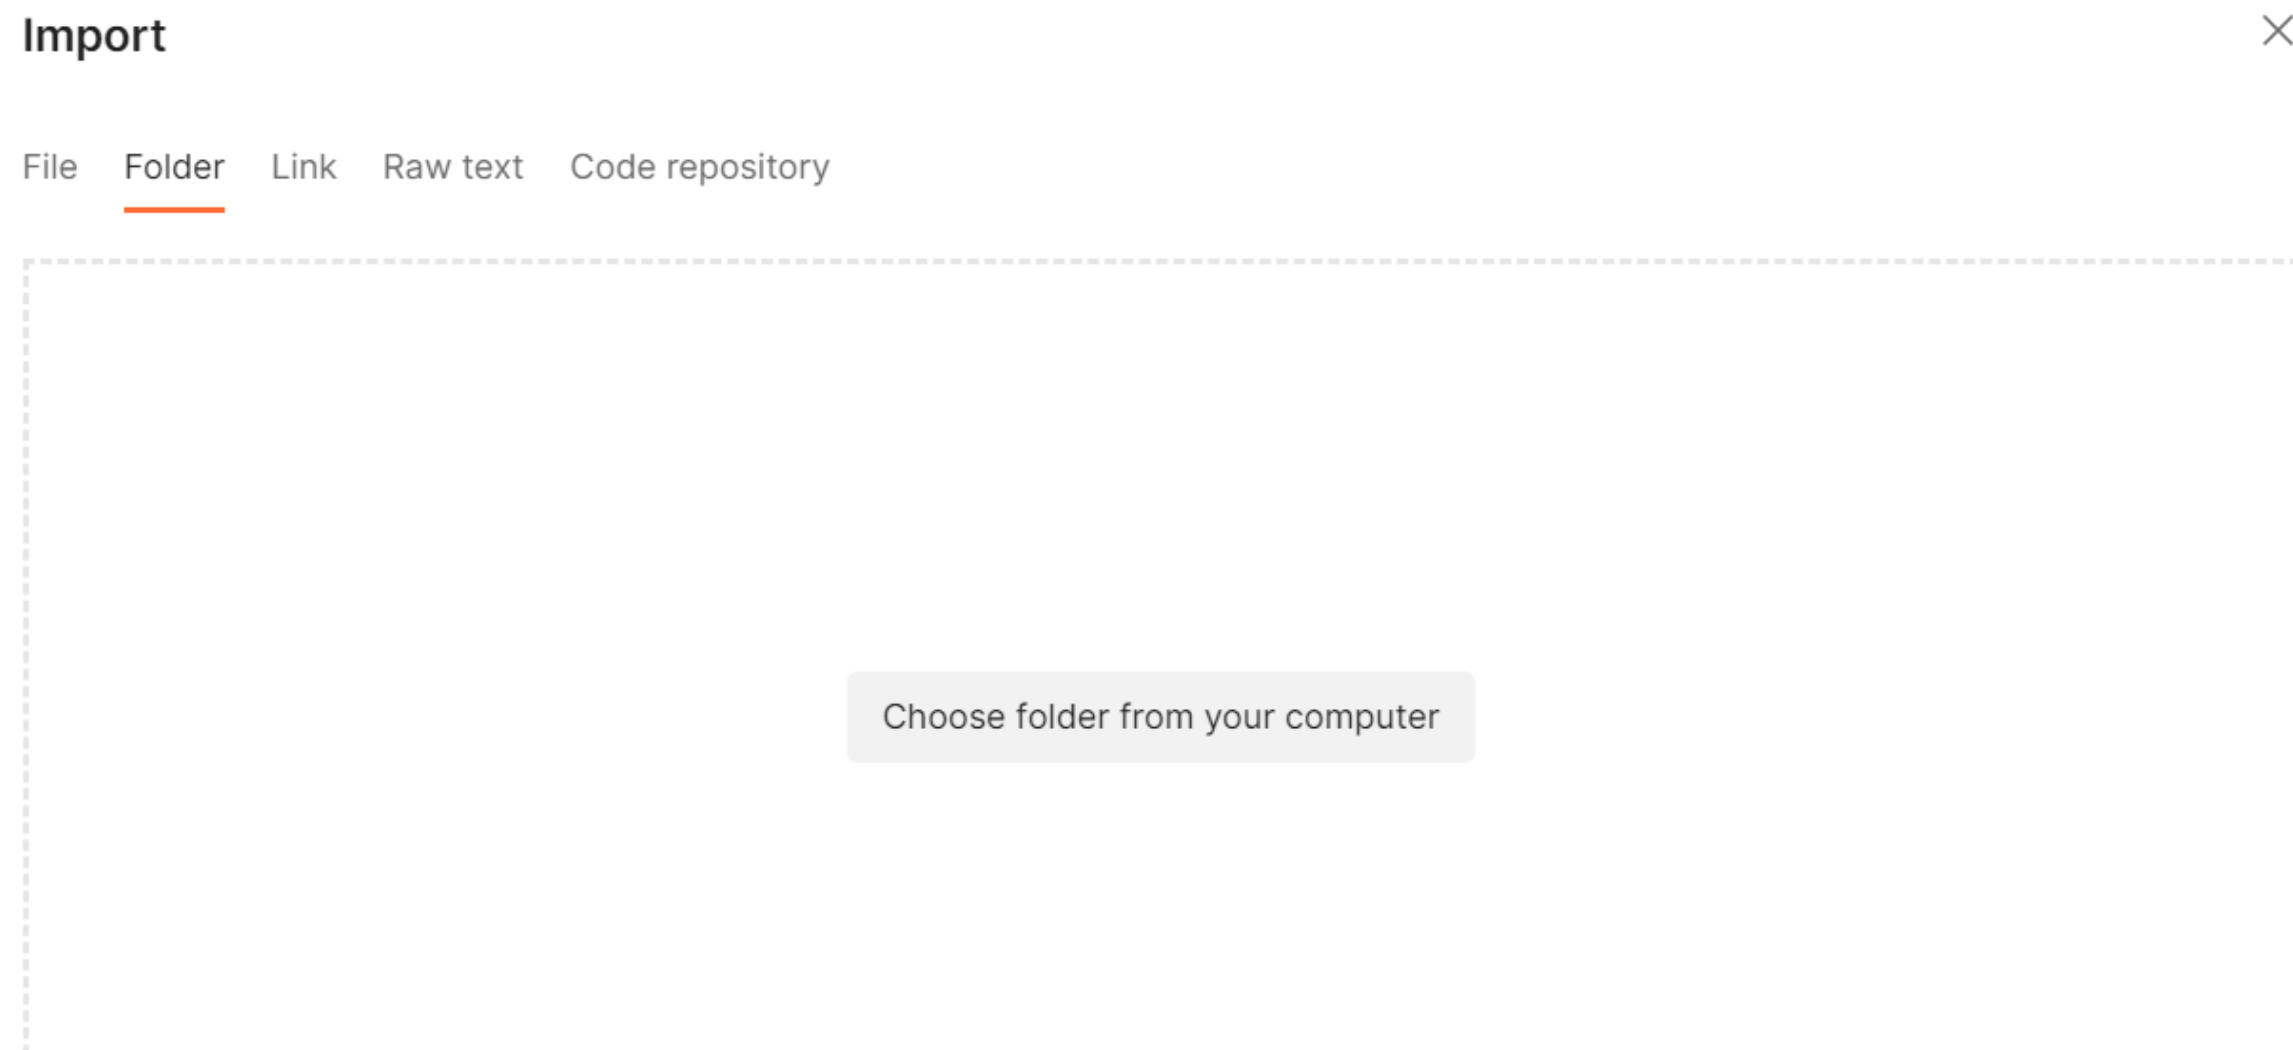

Contoh collection yang berhasil diimport

## 2. Folder

Digunakan untuk import folder yang biasanya berupa collection dari device/computer kita. Cara import folder kurang lebih sama dengan import file dan hasilnya pun sama.

- Klik folder
- Pilih folder yang ingin kita import kemudian klik open
- Klik tombol import
- Isi dari folder berhasil diimport

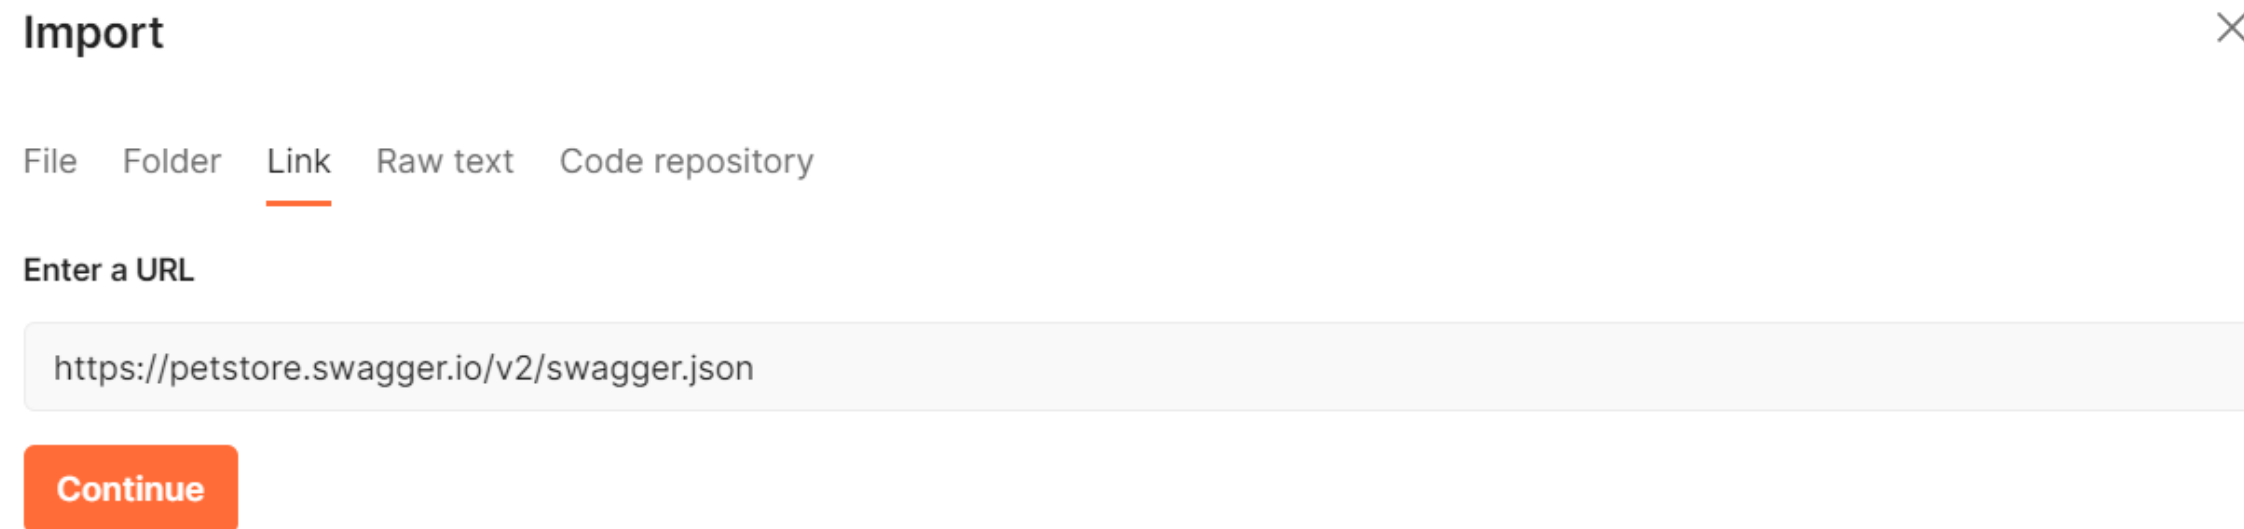

### 3. Link

Digunakan untuk import link yang biasanya berupa collection api. Cara import link kurang lebih sama dengan import file dan hasilnya pun sama.

- Klik link
- Masukkan URL yang ingin kita import kemudian klik tombol Continue
- Klik tombol import
- Isi dari link berhasil diimport

The screenshot shows a dialog box titled "Import" with a close button (X) in the top right corner. Below the title, there are five tabs: "File", "Folder", "Link", "Raw text", and "Code repository". The "Link" tab is currently selected, indicated by a red underline. Below the tabs, the text "Enter a URL" is displayed. A text input field contains the URL "https://petstore.swagger.io/v2/swagger.json". Below the input field, there is an orange button labeled "Continue".

## 4. Raw Text

Digunakan untuk import curl. Cara import raw text adalah

- Klik raw text
- Masukkan curl yang ingin kita import kemudian klik tombol Continue
- Klik tombol import
- Isi dari curl berhasil diimport dan hasilnya seperti gambar disamping

The image shows two screenshots of an API client interface. The top screenshot is a dialog box titled 'Import' with a close button (X) in the top right corner. It has tabs for 'File', 'Folder', 'Link', 'Raw text' (which is selected and underlined), and 'Code repository'. Below the tabs is a text area labeled 'Paste raw text' containing the following curl command:

```
curl --location --request GET 'https://petstore.swagger.io/v2/pet/findByStatus?status=available&status=available' \
--header 'Accept: application/json'
```

At the bottom right of the dialog is an orange 'Continue' button.

The bottom screenshot shows the main interface of the API client. The top bar shows several tabs: 'POST test1', 'POST https://www.tutor', 'GET Finds Pets by statu', and 'GET https://petstore.'. The selected tab is 'GET https://petstore.'. Below the tabs, the URL 'https://petstore.swagger.io/v2/pet/findByStatus?status=available&status=available' is entered. The method is set to 'GET'. There is a 'Send' button and a 'Save' button. Below the URL bar, there are tabs for 'Params', 'Authorization', 'Headers (7)', 'Body', 'Pre-request Script', 'Tests', 'Settings', and 'Cookies'. The 'Params' tab is selected, showing a table of query parameters:

	KEY	VALUE	DESCRIPTION	...	Bulk Edit
<input checked="" type="checkbox"/>	status	available			
<input checked="" type="checkbox"/>	status	available			
	Key	Value	Description		

At the bottom of the interface, there is a 'Response' section with a dropdown arrow.

## Conclusion

- Student mengetahui apa itu button import postman
- Student mengetahui feature yang ada di button import postman

The slide features decorative curved lines in the top-left and bottom-right corners. The top-left corner has a series of overlapping, semi-transparent curves in shades of light blue and light orange. The bottom-right corner has a similar series of overlapping, semi-transparent curves in shades of light blue and light orange.
